

Amphenol Automotive

Amphenol-Tuchel Electronics GmbH

9,5 AFK - Flat Contact

N 01 012 002X XXX

PRODUCT CHARACTERISTICS

General Features

- Flat terminal for applications in Automotive
- Very good electrical properties
- Crimp range: 4 / 6 / 10 / 16mm²

CONSTRUCTION

Contact material	Copper Alloy – Ag plated
------------------	--------------------------

PERFORMANCE CHARACTERISTICS

Current profile (21°C)	115A at 10mm ² *
------------------------	-----------------------------

Current profile (80°C)	90A at 10mm ² *
------------------------	----------------------------

*at 10mm² wire with Ag-surface

Temperature range Ag	-40 to 170°C
----------------------	--------------

Contact pin	9,5 x 1,2mm
-------------	-------------
