

Amphenol Automotive

Amphenol-Tuchel Electronics GmbH

9,5 AFK - Flat Contact - Folded

N 01 012 001X XXX

PRODUCT CHARACTERISTICS

General Features

- Flat terminal for applications in Automotive
- Very good electrical properties
- Crimp range: 2,5 / 4 / 6mm²

CONSTRUCTION

Contact material	Copper Alloy – Ag plated
------------------	--------------------------

PERFORMANCE CHARACTERISTICS

Current profile (21°C)	75A at 6mm ² *
------------------------	---------------------------

Current profile (80°C)	60A at 6mm ² *
------------------------	---------------------------

*at 6mm² wire with Ag-surface

Temperature range Ag	-40 to 150°C
----------------------	--------------

Contact pin	9,5 x 1,2mm
